Brand info: Keep it simple, and social.
JANZEN is all about connection—with people, your surroundings, and nature. We believe in simplicity, high-quality home and body products, and a no-nonsense approach with a focus on sustainability. Our products are made with conscious ingredients, including natural oils and shea butter. They are vegan, cruelty-free, and free from parabens, silicones, and aluminum sulfates. We also care about our social impact. JANZEN proudly supports Villa Pardoes, helping create special moments for families with seriously ill children.
